### Product description

Stairway lighting kit - using LED strip.

The kit includes

- **Intelligent controller to the stairs** - <https://stair-lighting.com/stair-light-controller-reactive-lighting-stair-lighting-system-automatic-led-stair-lighting-the-driver-for-lighting-effects-version-11-to-14-p-383.html?language=en>

- **Motion sensors dedicated to the controller 2 pieces** - <https://stair-lighting.com/motion-sensor-light-sensor-in-one-shortcircuit-no-or-nc-dedicated-to-intelligent-stairs-controllers-p-507.html?language=en>

- **Waterproof LED strip 3 roll (warm white or cool white)** - <https://stair-lighting.com/5m-led-strip-3528-300-diod5m-waterproof-warm-white-p-216.html?language=en>

- **Power supply to a set** - <https://stair-lighting.com/modular-power-supply-12v-75w-625-rs75-p-467.html?language=en>

Popular is to illuminate the stairs from shore to shore, where the LED strip is placed in a dedicated profile (available in our shop). Daring designers put here to the originality and place a piece of tape in the middle of the width of the step. During the dark part of the day thus gaining a design effect, testifying to the ingenuity of the owners lit space.

Our kit gives you complete freedom in this regard. 5-foot-adhesive strip with LEDs, have the ability to cut every 3 LEDs. The strips are made of white and flexible laminate. Its neutrality and functional dimensions is an additional advantage. They allow to illuminate such nooks and crannies where other light sources can not handle. Their overriding feature is the precision. Strength LEDs welcome at 30-50 thousand. hours. Even with these arguments, we will give you a ready-made solution for years!

In addition to the durability of the materials necessary to mention modernity and the kind of intelligence in the hardware settings. About this determines the controller with motion sensors and these sensors have built-in sensor of twilight. The whole manages LEDs manually or automatically. In the latter mode, the light can ignite itself after sunset on the entire installed length. Option provides for a more flexible backrest everything about the reaction of the sensor and the lighting of the light only where it is exactly at the time needed.

12V voltage modular power supply keeps the brand!

This product has additional options:

**Motion sensor - 2 pcs:** T1 , T2 (+ 15.52 Euro ), T4B (+ 51.74 Euro ), T4B (+ 41.39 Euro )
