Lighting of the stairs is not a whim. The years of our experience and satisfied customers confirm this choir! With the cost of finishing the house or in the garden of the project, there are no exorbitant prices. Will reward the possibility safely use the stairs in the evening and at night and low electricity bills.

More and more of our customers are opting for modern solutions LEDs. We are a lighting manufacturer. Our 5-meter strip of LED driver and attach sensors and power supply we chose the leader on the market - MEANWELL / DELTA. Recent said device stabilizes the voltage at 12V. This means that the entire system is safe for the child and adult.

LED strips are made of an elastic white laminate. Their sizes and the possibility of cutting allows to install lighting in the smallest nooks and crannies. LEDs strength is estimated at 30-50 thousand hours. They give you a warm white, cool white color or any monochromatic colour - to choose from you. We made sure that led strips are water resistant - can withstand humidity to 93%. Mounting while facilitated by the fact that they are self-adhesive. Likewise, a permanent connection with the ground wood, and such. Granite, outside or at home.

Power amplifiers, which are worth mentioning, strengthen the effect of light, thanks to the possibility of lighting railings. Our lighting systems are set up on the steps of traditional and openwork. The final effect and attractiveness of illumination depends on your idea - we give a ready tool for its implementation.

This product has additional options:

Motion sensor - 2 pcs: T1 , T2 (+ 15.52 Euro), T4B (+ 51.74 Euro), T4B (+ 41.39 Euro)
