15 stairs - A set of stairs lighting - lighting width 30 cm

Price	196.62 Euro
Availability	Available
Shipping time	24 hours
Number	862
Manufacturer	RESTAN

Product description

Stairway lighting kit - using LED strip.

The kit includes

- **Intelligent controller to the stairs** - <https://stair-lighting.com/stair-light-controller-reactive-lighting-stair-lighting-system-automatic-led-stair-lighting-the-driver-for-lighting-effects-version-11-to-14-p-383.html?language=en>

- **Motion sensors dedicated to the controller 2 pieces** - <https://stair-lighting.com/motion-sensor-light-sensor-in-one-shortcircuit-no-or-nc-dedicated-to-intelligent-stairs-controllers-p-507.html?language=en>

- **Waterproof LED strip 1 roll (warm white or cool white)** - <https://stair-lighting.com/5m-led-strip-3528-300-diod5m-waterproof-warm-white-p-216.html?language=en>

- **Power supply to a set** - <https://stair-lighting.com/power-supply-voltage-mpl3012-p-245.html?language=en>

Nearing the end of construction. You foresee the installation of modular stairs. Simple to install. The budget is sufficient even for their energy-efficient lighting, although the stairs seem to be quite "transparent" is at night are just as difficult to overcome, like any other. Their characteristic is the openwork lightweight design. For our system is not a problem. Self-adhesive surface of the tape with LED keeps on wood, granite and other stones, stairs traditional and openwork.

Led strips with a length of 5 meters has 300 LEDs. They are lit in white (warm or cold color choice). Besides, what 3 pieces of tape can be cut to fit better into any nooks and crannies. Withstand humidity 93%, therefore the use outside the building also comes into play. This is our product. Knowing the needs of our customers we have developed it to take into account their attention.

About inflammation and extinction lights, of course, a specialist decides the driver. In addition to the manual mode, you can program a number of interesting features. Our favorite was the lighting of the number of stairs, which is just being used. This superior illumination enable motion sensors. They have a built-in sensors dusk, so the proper programming, the light just turns on or off depending on the amount of sunshine.

The set is energy efficient, practical, works with other light led sources, such as housing. Through it has a wide range of applications.

This product has additional options:

Motion sensor - 2 pcs: T1 , T2 (+ 15.52 Euro), T4B (+ 51.74 Euro), T4B (+ 41.39 Euro)
