## Waterproof led strip - SMD 3528 300 / 5m - cold white

Price	<b>16.30 Euro</b>
Availability	<b>Availability - 3 days</b>
Shipping time	<b>24 hours</b>
Number	<b>49</b>
Manufacturer	<b>RESTAN</b>

### Product description

LED lighting is characterized by low energy consumption and bright light. As a result, it is more and more often chosen for interiors. Waterproof LED strip is a product proposal that will perfectly fit into any interior. White light is very universal and can decorate furniture, paintings or mirrors in all rooms in the apartment. Properly used tape is able to refresh any interior and give it a unique character. RESTAN products are one of the top solutions available on the market that will meet the expectations of all people.

LED strips - a modern solution capable of lighting advertising, furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly, or is difficult. The use of LED strip leaves only limited by your imagination.

Products offered by RESTAN feature - the highest quality of workmanship, found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting. LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

### SPECIFICATIONS

Dimensions Width 8 x thickness of 2.9 [mm]  
Power supply 12 V DC  
Power Consumption 2A/5m (0,4A/m)  
Power 24W/5m (4,8W/m)  
Type of applied LED SMD 3528  
LED qty 300  
LED viewing angle 120 degree  
Ability to cut LED strip marked cutting line every 3 LEDs  
Mounting a flexible laminate (white)  
Mounting M adhesive tape placed at mid-life  
Life 30 000 - 50 000 hours
