LED strip light - SMD3528 300 / 5m waterproof - green

Price	15.52 Euro
Availability	Availability - 3 days
Number	293
Manufacturer	RESTAN

Product description

The LED light strip is not only an ornament, but also a way to increase the functionality of the interior. The strip with 300 LEDs on a length of 5 meters gives a very bright light and is able to fit perfectly into any interior. Resistance to moisture and water makes the product suitable for rooms such as bathrooms. It can be used to illuminate mirrors or cabinets. In fact, only your imagination is the limit when it comes to installing LED strips. The set includes everything necessary for a comfortable installation of lighting.

LED strips - a modern solution capable of lighting advertising, furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly, or is difficult. The use of LED strip leaves only limited by your imagination.

Products offered by RESTAN feature - the highest quality of workmanship, found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting. LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

SPECIFICATIONS

Dimensions Width 8 x thickness of 2.9 [mm]
Power supply 12 V DC
Power Consumption 2A/5m (0,4A/m)
Power 24W/5m (4,8W/m)
Type of applied LED SMD 3528
LED qty 300
LED viewing angle 120 degree
Ability to cut LED strip marked cutting line every 3 LEDs
Mounting a flexible laminate (white)
Mounting M adhesive tape placed at mid-life
Life 30 000 - 50 000 hours
