LED strip 5m SMD 5630 300 diod/5m non-waterproof - warm white

Price	48.37 Euro
Availability	Available
Shipping time	48 hours
Number	933
Manufacturer	RESTAN

Product description

LED strips - a modern solution capable of lighting advertising, furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly, or is difficult. The use of LED strip leaves only limited by your imagination.

Products offered by RESTAN feature - the highest quality of workmanship, found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting. LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

TECHNICAL SPECIFICATIONS

Dimensions W 10 x thickness of 2.9 [mm]

Power supply - 12 V DC

Power consumption - 7.5 A/5m (1.5 A / m)

90W/5m power consumption (18 W / m)

Type the applied LED - SMD 5630

Number of LEDs - 300/5m

LED angle - 120 degrees

The ability to cut the LED strip - marked line cutting every 3 LEDs

Substrate flexible laminate (white)

Mounting 3M adhesive tape placed on the laminate

Lifetime 30 000 - 50 000 hours
