## 8 stairs - A set of stairs lighting - lighting width 30 cm

Price	<b>196.62 Euro</b>
Availability	<b>Available</b>
Shipping time	<b>24 hours</b>
Number	<b>523</b>
Manufacturer	<b>RESTAN</b>

### Product description

Stairway lighting kit - using LED strip.

The kit includes

- [Intelligent controller to the stairs](https://stair-lighting.com/intelligent-led-driver-for-lighting-up-the-stairs-the-driver-for-lighting-effects-version-to-10-steps-p-382.html?language=en) - <https://stair-lighting.com/intelligent-led-driver-for-lighting-up-the-stairs-the-driver-for-lighting-effects-version-to-10-steps-p-382.html?language=en>

- [Motion sensors dedicated to the controller 2 pieces](https://stair-lighting.com/motion-sensor-light-sensor-in-one-shortcircuit-no-or-nc-dedicated-to-intelligent-stairs-controllers-p-507.html?language=en) - <https://stair-lighting.com/motion-sensor-light-sensor-in-one-shortcircuit-no-or-nc-dedicated-to-intelligent-stairs-controllers-p-507.html?language=en>

- [Waterproof LED strip 1 roll \(warm white or cool white\)](https://stair-lighting.com/5m-led-strip-3528-300-diod5m-waterproof-warm-white-p-216.html?language=en) - <https://stair-lighting.com/5m-led-strip-3528-300-diod5m-waterproof-warm-white-p-216.html?language=en>

- [Power supply to a set](https://stair-lighting.com/power-supply-voltage-mpl3012-p-245.html?language=en) - <https://stair-lighting.com/power-supply-voltage-mpl3012-p-245.html?language=en>

For caring about the health of the family and for those who like to show their interesting ideas lights - we prepared a set of most equipment to create (perhaps) a simple illumination of a number of interesting settings. These devices are the controller, motion sensors, LED strip and power supply. The last-mentioned object stabilizes the voltage at 12V - safe for children and adults.

It is worth more to write about the LEDs strip, which are a manufacturer. We do it with a flexible white laminate with a length of 5 meters. At this bar is placed 300 LEDs, every 3 lamps can cut the strip. The product is waterproof and adhesive. Sticks to the surface even at 93% humidity and regardless of whether it was mounted on a stone or wood.

What and when to emit diode LED guided through settings control device. We light the light gradually, in steps or extinguish. Illumination can flow like stairs up or down. It can light up just after dark and put out in the morning. Can shine only where exactly we put the leg. The last two options are possible thanks to two motion sensors responsive to the persons who are within "sight" of the device. Besides, they have built-in sensors dusk, which gives the system as if aware that you have to affect the safety and comfort of the user by lighting up the light.

This product has additional options:

**Motion sensor - 2 pcs:** T1 , T2 (+ 15.52 Euro ), T4B (+ 51.74 Euro ), T4B (+ 41.39 Euro )
