LED lighting we associate mostly with suspended ceiling. From the relationship of our customers, however, it shows that they gave to convince to apply this solution also at the stairs. There are no contraindications as to the materials from which steps are made. We offer two self-adhesive LED strip and waterproof. Well hold on stone, wood, or even granite. They endure the humidity to 93%, which makes it possible to use them eg. When passing on elevated terrace outside the house. It should also be noted that the sustainability of our light sources is 30-50 thousand. hours. We propose a set for years at a reasonable price!

Rise and fall of light, of course, beyond the capabilities of handheld, intelligent device controls lighting programming. The controller interacts with motion sensors and they in turn are with twilight sensors. This allows you to precisely adjust the switching on and off illumination to suit your needs and budget. For the whole constantly maintains a safe voltage of 12V AC adapter kit dedicated MEANWELL / DELTA.

Frequently clients you buy accessories, such as. Trough to the tape (LED profiles), connectors, or additional wiring. Controls, LED strips and add-ons available from us will be useful in meeting their ideas on decor and unique character will give the evening the light of developed space.

This product has additional options:

Motion sensor - 2 pcs: T1 , T2 (+ 15.52 Euro), T4B (+ 51.74 Euro), T4B (+ 41.39 Euro)
