Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Anodising process allows fix the dye. So we can offer you a strong, lightweight and colorful LED profiles made of aluminum. On this page, we recommend classic black, complemented with a milky cover. While the profile is flush plate or wall that does not have the effect of ambient standard tape. The color allows the profile to blend in with its allotted space. Great option for room dividers, or with modern barges at the club. Provide ambient light aperture, which brings out the distinctive LED soft light. For a beautiful finish, we also have the color of the cap. Dimensions: width 21mm, tray - 18mm, inside 14mm, height - 8,7mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
