Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

LED aluminum profile natural color rosewood. Slightly exotic tree reminds our beech, therefore suitable for many interior design needs, providing visitors beliefs about love of detail. Precise finish an important advantage of small aluminum profiles. The day did not noticed, after dark work on the effect of the whole space around them.

Another advantage is the fact that the profile has undergone anodizing, which is protected against rust, even more protected against mechanical damage. Besides light and durable, which is in the nature of the metal.

Dimensions: 8,7mm - height, 21 mm-width, self tray outside - 18mm, inside - 14mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
