Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Wenge is an exciting color. On the one hand elegant, the other - a little mysterious. Above all, very fashionable and blended with various other objects. We offer LED profile in the color and attached to it a milky veil. Together they form an interesting duo security inside the LED strip from damage.

With anodizing same profile is corrosion resistant and more durable color. It would seem that it does not matter to the profile that he is admitted, however, be in color and the color of the light changes then some, better suited to the interior.

Dimensions: the widest profile - 21 mm, height 8.7 mm, 18 mm tray outside, 14 mm - in the middle.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
