### Product description

#### Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Classic white is always in place. LED profile in this color ideally suited for suspended ceiling, in the nursery or in the doctor's office. The precision with which lets you adjust the lighting to most corners, cabinets, cupboards, is appreciated especially after dark. For aluminum profile fits perfectly milky veil.

The product is lightweight and durable, like metal, from which it is made. However, it has additional properties, because subjected to anodizing. The same has been enhanced corrosion protection is more resistant to mechanical damage and used white pigment is more stable.

Dimensions: height 8.7 mm, width 21 mm, the trough - 18 mm outside the 14 mm inside.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
