Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Black is always on time, and the color the more valuable for dark recesses, where classic aluminum, could not give interesting decorative effect. We therefore propose aluminum profile mounting LED strips in this very dark fashionable color.

The product is anodized. This means that a chemical process has gained corrosion protection, superimposed dye is more durable and resistant to mechanical damage. You can let him in between plasterboard, the insertion of furniture, a wall.

The price is also a milky veil additional safety for the light source and the time of its activity - giving eye-friendly light effect. External dimensions are 21 mm in width, 18 mm tray width and 8.7 mm height.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
