Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

LED profile made of anodized aluminum, prepared especially for you. It was covered with indelible colored wood coating rosewood. The metal itself is already very durable and extremely lightweight material protected against rust with an unusual visual appeal.

Most often it is chosen to emphasize light wooden furniture. Exceptionally they like him artists and art lovers. It's the perfect item to finish wall units. We join a milky iris, highlighting the muted light of the attractiveness of the highlighted object.

18 mm wide and inside - 14 mm. High by 9 mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
