Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

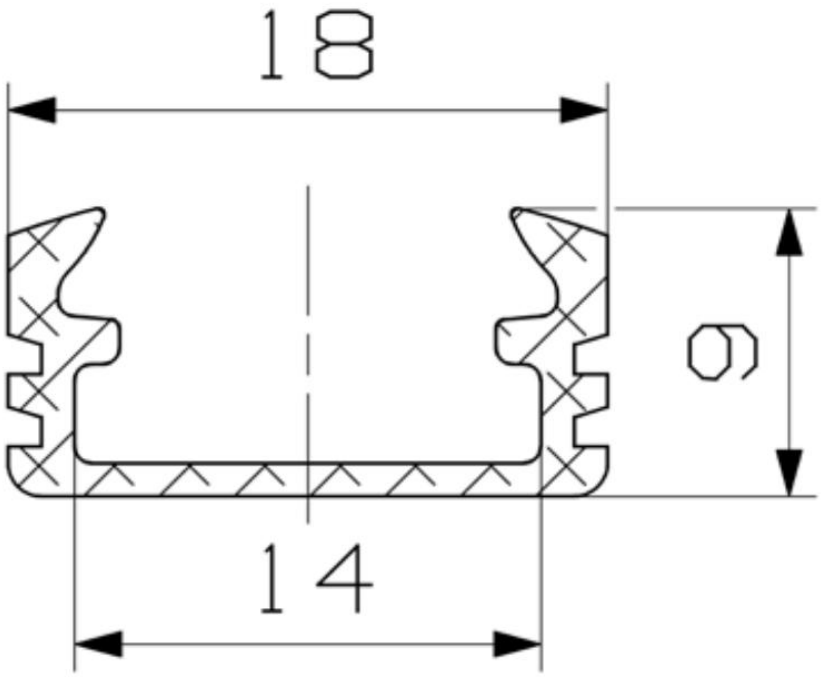

The choice of the appropriate shipping method will take place at the end of the order process.
The details of the shipping method and packaging of the aluminum profiles you will find here (click in the link)

Coloured LED profiles, is an excellent ready-made solution to finish the lighting system in the apartment. The proposed aluminum object here was covered with dye in dark wood. Wenge is a sophisticated color. If you already are provided in the office or in the living room adds elegance and commits. Highlighting the floor or striking stylized cabinets, thanks to our M2 exactly fit into the decor.

Our profile is small. It has a 1.8 cm wide and 0.9 cm high. It should be mentioned that underwent the process of anodizing, which has anti-corrosion protection and color coating is more durable.

Profile recessed into the surface chipboard plaster or ceramic tiles.
To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
