### Product description

#### Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Classic black is always fashionable and appreciated. We could not miss it in our rich offer color LED profiles. Here we offer a matte version, that fits well with panel floors or furniture without shiny surfaces. The item is made of anodized aluminum, which is a metal with enhanced durability and protect against rust.

Our Polish profile, is designed to assist in the precise assembly of LED strips and works very well here. It is rugged, protects LEDs and most importantly - carry out even the most clever designs, enjoying then the eye of satisfied owners.

Dimensions are 1.8 x 0.9 cm and 1.4 cm inside.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
