Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Aluminium profile LED uses on its surface a beautiful pattern inspired by wood Rosewood is a perfect protection strip with LEDs. Profile denoted by 3 is placed in contact walls or plates - it is a profile matching the angles.

Our experience has encouraged us to create a ready-made, matching many interior color, light aluminum, protected against corrosion by anodization. With color other than the aluminum you do not have to hide, protect or secure.

Rosewood looks best in the company of artistic furniture. With the milky iris, which is the price of the product, profile gives non-dazzling light in color such as emit hidden in the middle of the diode.

External dimensions 14,5mm x 26mm. Inside width - 14 mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
