Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Classic white matt is currently the most fashionable color in the interior. More and more popular in children's rooms and for several seasons reigning in modern kitchens and dining rooms. These are places where he often and more numerous group than just the residents. The same is true minimalist bars or cafes.

We could not miss this color in our range. We covered our white anodized aluminum profile LED for special tasks, because to be placed in perpendicular joints of walls or furniture boards.

The same anodizing has been used to further harden profile to corrosion, to create an area of not stopping pollution (meets high sanitary requirements) and what is important - receive a decorative surface with durable color and gloss.

External dimensions 14,5mm x 26mm. Inside width - 14 mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
