### Product description

Input voltage range: 12V ~ 24V DC  
Max . current carrying capacity of 12A (3 x 4A)

Output: RGB / PWM control

Method of control: Touch panel

Working temperature: -20 ~ + 60 ° C

Power connection : terminals for wiring

Signal connector ( output ) terminals for wiring

Packaged Weight : 200g

#### static Functions

Predefined colors : 7

Predefined colors : red, green, blue, white, yellow, blue , purple

The dimming / brightening : YES

Brightness adjustment range : 0 ~ 100 %

Number of preset brightness levels : 10

#### dynamic Features

Number of preset programs : 4

Preset Programs : abrupt change in three colors, abrupt change 7 colors , smooth shifting of three colors, smooth change 7 colors

Speed control : YES

Number of speed levels : 5

#### Additional Information:

FEATURE temperature changes barwowej.FUNKCJA PAUSE to stop the program in any color during the program . Save the settings after power is removed.
