Product description

DUO TANGO SKOFF is one of a collection of the Music Line. It includes the framing of led architectural lighting designed for interior use. It pursues several goals. Safety - when it is not used for other light source - in the room can be safely moved. On the other hand, it eliminates the so-called. glare, annoying to the eyes when the light is not evenly distributed or has a bad technical parameters. Decorative - lighting curtain. Versatility - to use for business in a private home or in public buildings.

SHORT TANGO DUO is a luminaire that uses technology desklight hidden in two modules, directed in opposite directions. Both are not built only on one side, leading to higher concentration of light, a characteristic streak and improved playability light-shadow while arranging the interior. The customer determines the light color - white, warm white, green, blue and red - the colors of your choice.

The aim of framing is possible to install the light source. In this case, a hole or a tin-electric installation with a diameter of 6 cm. Then mount allows permanent connection of the module ledowego to the electrical system. LEDs mounted in the luminaire has a shelf life of 50 thousand. hours. The device has a 2 year warranty and power consumption 1,6W. Thanks to this investment returns in the first few months. The dimensions of the device is 11,3cm x 7,3cm.

LED lighting fixture designed to illuminate routes.

benefits:

The effect of light curtain

Long life - 50 000 hours
