Product description

P3000 luminaires are designed primarily as a lighting Furniture kitchen worktops . They are also used in all kinds of cabinets and shop windows , chests of drawers , wardrobes , wall niches and lighting staircases and stairs. Thanks to them , as the light source , high-performance three leds , a renowned Taiwanese manufacturer of HELIO and power system developed by our company ensures reliable operation of the luminaire for many years of use. Luminaire , with a power consumption 3W , replacing traditional wood framing with halogen 20W . This can significantly reduce the cost of electricity , and long life , shaped at the level of 50 thousand hours of continuous light , reflected in the many years of operation. The luminaire is available in two mounting styles - with flange for mounting external and without flange to the rear of the cut hole . The product is available in seven colors of the housing (in the case of the housing to the rear) and four colors of light.
