### Product description

Flexible LED strip is a product that allows you to create decorative lighting in any interior. A high-quality solution allows you to obtain a very interesting effect and create unique lighting in the apartment. The strip with white light-emitting diodes can be freely shortened, and thanks to the mounting on a double-sided tape, it can be used in many places. Use the tape to illuminate stairs, furniture, mirrors or paintings and enjoy the great look of the interior. When you reach for our product, you can be sure that you are choosing the best-quality solution that will perfectly match your expectations.
