LED dimmer - FUT036SA - MILIGHT for single-color strips

Price	25.61 Euro
Availability	Available
Shipping time	4 days
Number	2887
Manufacturer	Mi.Light

Product description

Single Color LED Controller Kits

Model No.: FUT036SA
Working Voltage: 12-24V□
Totl Output: Max 12A
Working Temperature: -10-40°C
RF: 2.4GHz
Control Distance: 30m
Output Connection: Common anode

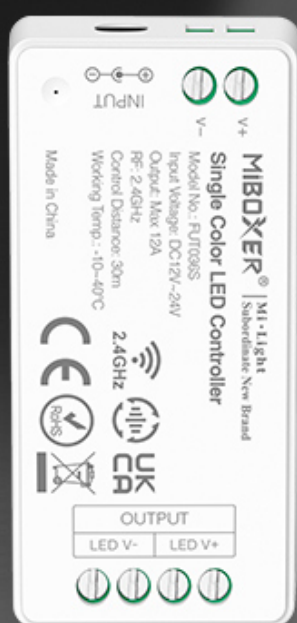

2.4G Sunrise Remote (Color Temp.)

Working Voltage: 3V(AAA battery-2PCS)
Transmitting Power: 6dBm
Standby Power: 20uA
RF: 2.4GHz
Modulation Method: GFSK
Control Distance: 30m

The LED dimmer is a product aimed at people looking for a device that allows you to control LED lighting in the apartment. The proposed dimmer is designed to work with single-color tapes and allows for convenient lighting control. The range of the device is up to 30 meters. The device can also be connected to the smartphone application. Thanks to this, you will always have a remote control for remote control of LED strips and switching them off if necessary. We cordially invite you to check our high-quality products.

Single Color LED Controller Kits

Adjustable brightness | Auto-transmitting

Brightness Adjustable

Press brightness button once, then adjust the brightness of lighting by touching color ring

2.4G wireless transmitting Control distance 30m

Adopt 2.4G wireless transmitting technology, with strong anti-interference, long distance transmission; Control distance 30m; easier operation

Support Smartphone APP control and third party voice control

It need 2.4GHz gateway for smartphone control or third party voice control

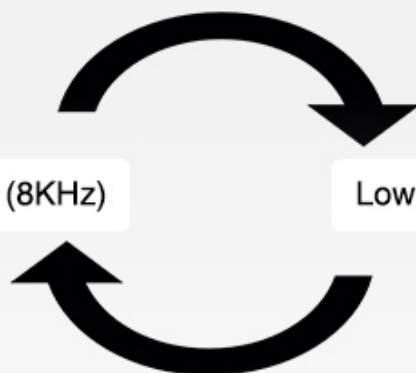

PWM high frequency / low frequency

High frequency / low frequency can be switched

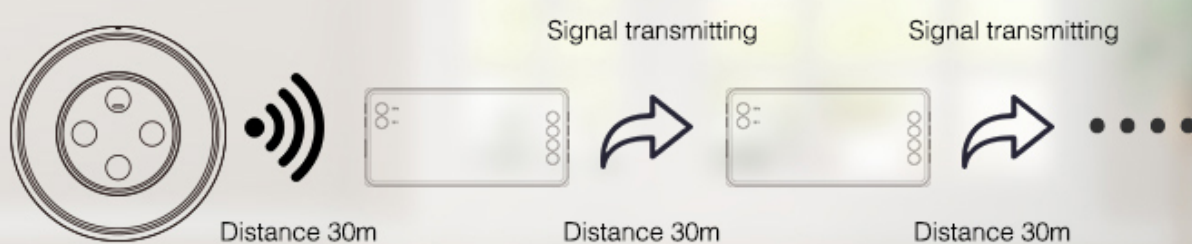

High frequency (8KHz)

Low frequency (500Hz)

Signal transmitting

One LED controller can transmit the signals from the remote control to another LED controller within 30m, as long as there is a LED controller within 30m, the remote control distance can be limitless.

More comfortable
to catch

Magnetic base holder for easy installation

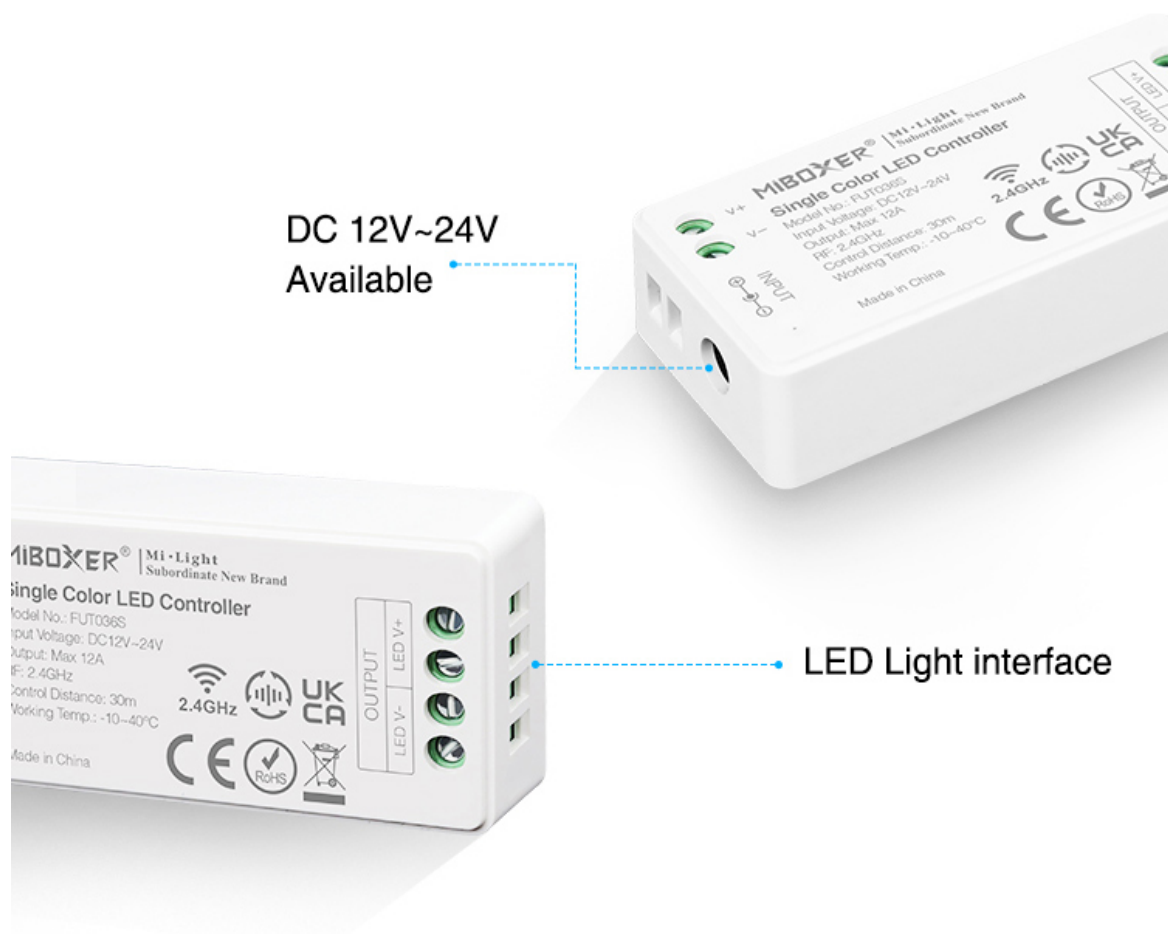

Stronger magnetic holder for easy
taking out and put back

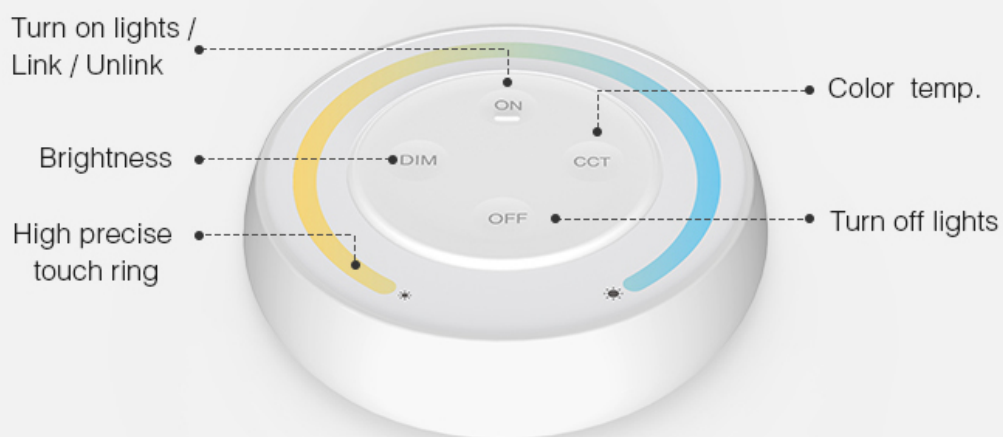

2 colors remote can be chosen from

This controller set can choose black, white remote

2.4G Sunrise Remote (Color Temp.)

Touch Ring: Brightness, color temperature, use together. (It turns to adjust brightness by default if remote is not operated for 3 seconds)
