### Product description

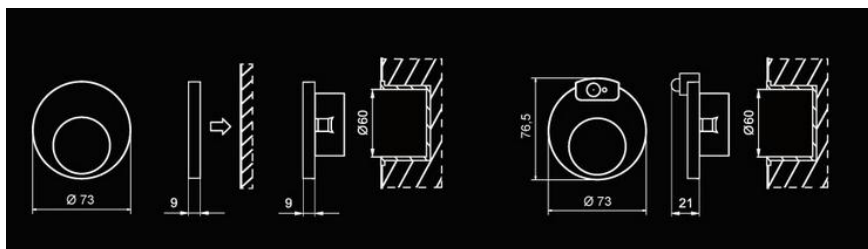

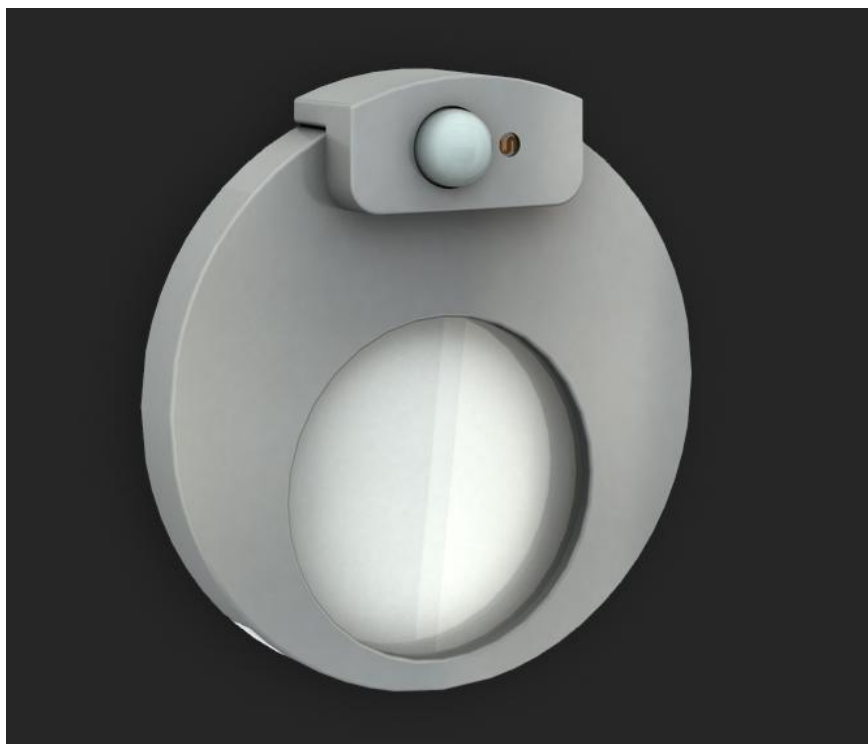

Round recessed from the line MUNA Zamel brand is a product of high quality performance with built-in motion sensor and twilight, thus increasing the degree of control over power consumption. An additional advantage in this regard is the possibility of cooperation of this model with solar panels.

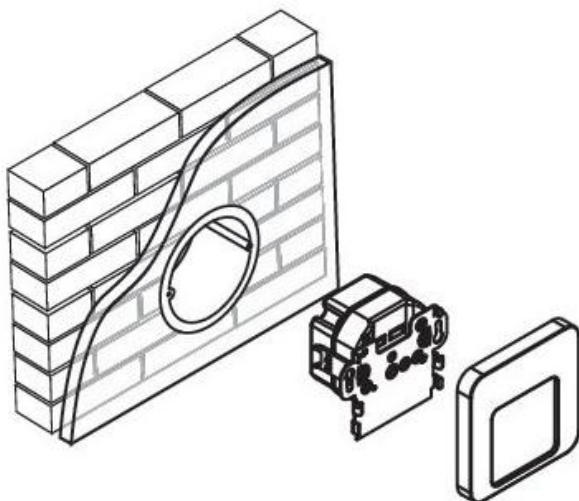

The product is designed for mounting in a tin with a diameter of 6 cm. The light is here 4 LEDs and light color remains to be chosen by the customer. Degree of protection IP20 model qualifies only for indoor use. However, it is commonly used and is very popular in our store.

#### MUNA

- Luminous flux emitted at two planes: the bottom and the front
- Innovative design referring to the theme of the square
- Light-emitting optical fiber
- Enhanced functionality
- Can be installed in passageways
- The availability of different versions of the body and the color of the emitted light

|                                                                                                                                   |                                                                                                                                                                                                                                                             |                                                                                    |                                                                                    |                                                                                                                                                                             |                                                                                      |                                                                                      |
