Shipping time	**10 days**
Number	**2044**
Manufacturer	**LEDIX**

Product description

Gold circular luminaire housing that is not its only trademark. Mark Zamel has prepared this model extended features. It has a built-in motion sensor and twilight. This means that responds to the movement in the range of 2-3 meters. Can turn on the light intensity 2-20 lux. It is an excellent light-emitting element in a more complex intelligent lighting systems. Derived dry contact qualifies it for use in passageways staircases and hallways.

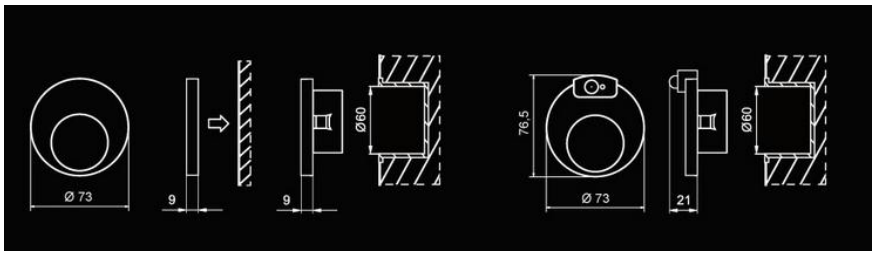

The light source are 4 permanent CREE LEDs. Luminous flux is emitted down and forward. Degree of protection IP20 enables installation only inside of buildings.

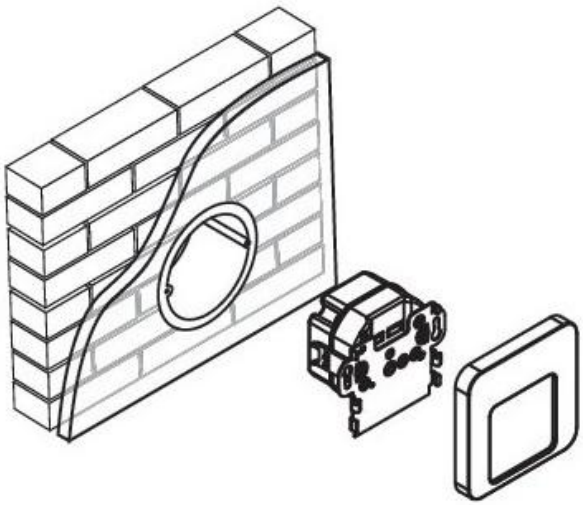

MUNA

- Luminous flux emitted at two planes: the bottom and the front
- Innovative design referring to the theme of the square
- Light-emitting optical fiber
- Enhanced functionality
- Can be installed in passageways
- The availability of different versions of the body and the color of the emitted light
