### Product description

Modern LED lighting fixture from the collection of the brand Zamel has a built-in radio MUNA RGB controller, which significantly expands its functionality and usability, but the most influence on effectiveness decoration. Creating illumination using the circular luminaire is only possible inside the building.

Depending on the choice of the transmitter has such features: Fluid choice of color or color declared. It is possible mode ON / OFF, continuously changing colors, abrupt change of color, or lighten / darken. In addition to the radio device customer can choose the color of the casing and tension. The luminaire has a built-in stabilizer current four LEDs, which light sources in this product.

#### **MUNA**

- Luminous flux emitted at two planes: the bottom and the front
- Innovative design referring to the theme of the square
- Light-emitting optical fiber
- Enhanced functionality
- Can be installed in passageways
- The availability of different versions of the body and the color of the emitted light
