### Product description

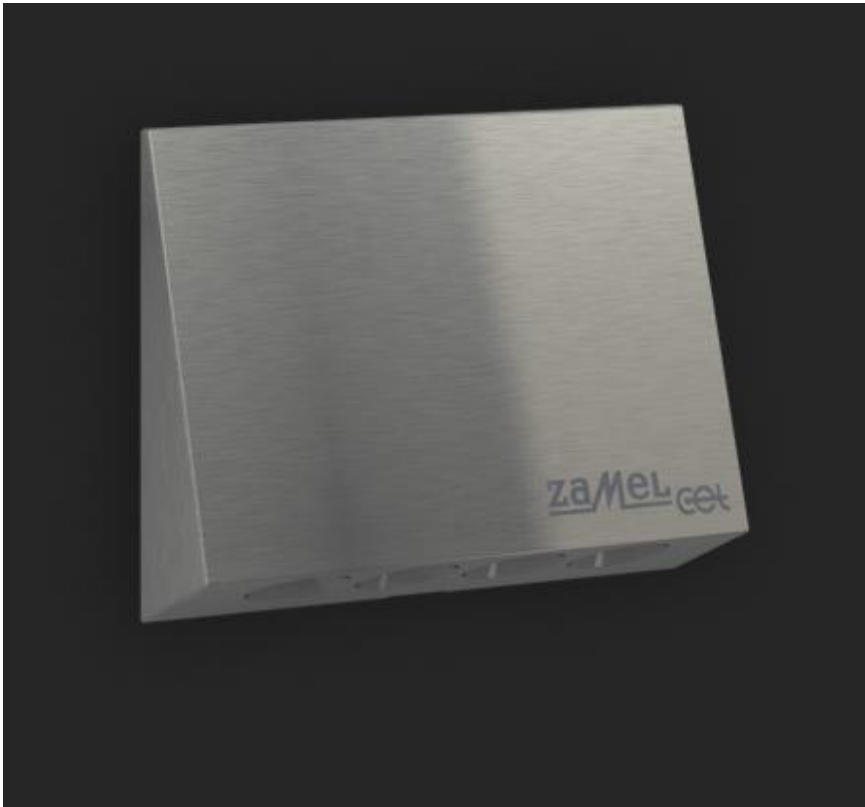

The small rectangular LED luminaire NAVI with sides 4,05x5,1cm and thickness 1,35cm is a model for use in the living room, kitchen and bathroom, but also on the terrace, or in any other place outside the building. Energy efficient LED technology guarantees of course. Demanding customer can choose from among all contemporary colors - light color. Four LEDs that emit them are in the current stabilizer system and can shine up to 40 thousand. hours.

Buyers appreciate exactly this option because the size of luminaire can be mounted in the smallest nook and cranny, to achieve extraordinary results in the evening. We loved the idea of lighting under the top bar in one of the pubs decorated in a modern minimalist style.
