Product description

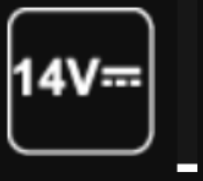

Patina - the color of luxury, but not only. We propose here mounted with four CREE LEDs that can illuminate up to 40 thousand. hours. Along with lighting controls create unique illuminations tailored to the needs of the user.

The proposed model is quadrate, virtually invisible light source. It uses patented prism and emits a large beam of light while consuming very little electricity. It also works with solar systems, which is increasingly being appreciated.

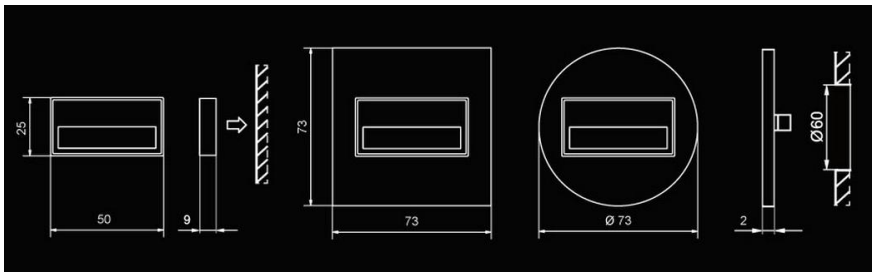

The luminaire is mounted in a hole with a diameter of 6 cm. IP 44 allows the use of lighting in the outdoor illuminations. The most common of the stairs and in the hallways.

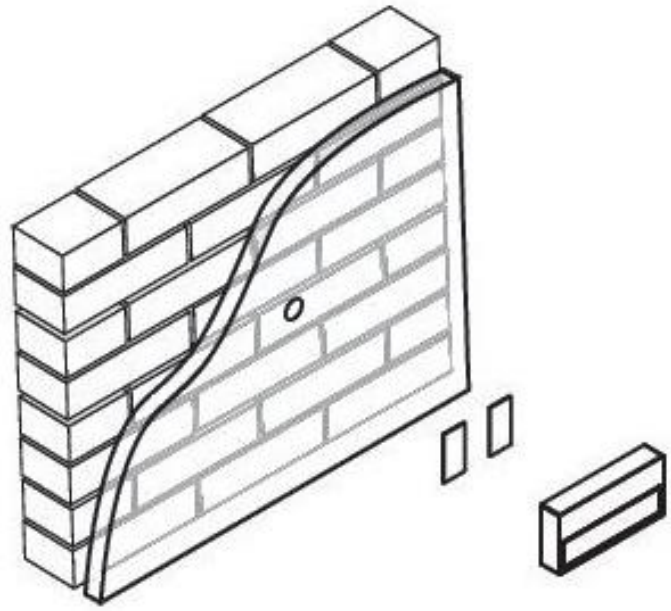

SONA

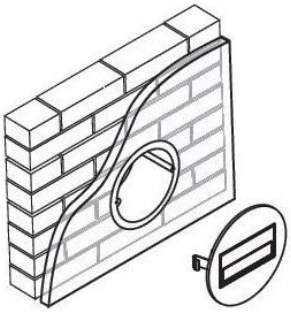

- Invisible light emitting element
- Patented prism light radiation
- Perfectly flat frame with a thickness of only 2 mm
