Product description

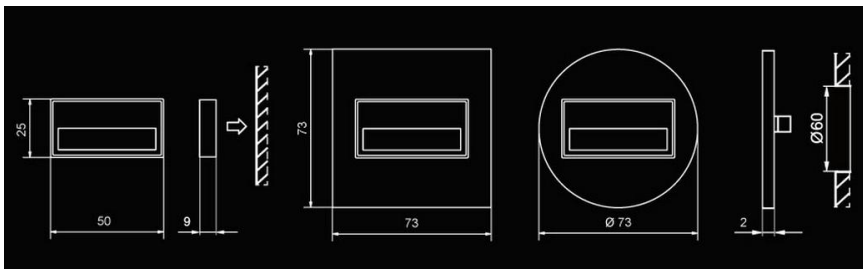

Graphite luminaire uses energy-efficient LED technology is a tough and durable product that could be part of intelligent lighting systems. It is decorative, but most importantly usable. It implements a fully modern premises for the creation of external illumination, as well as in public, or corridors.

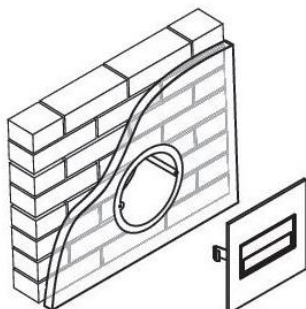

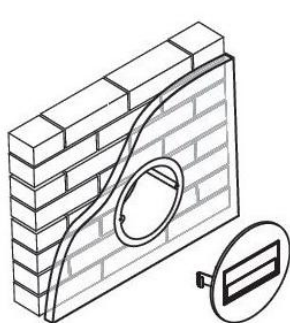

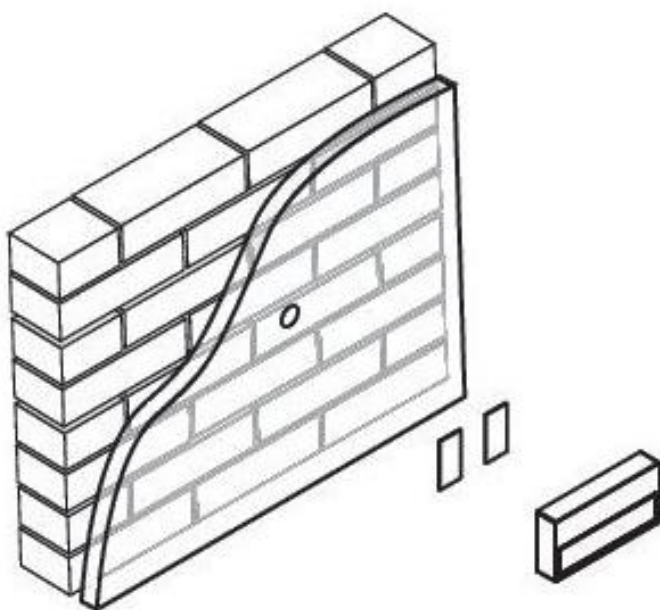

Despite its small size it is almost invisible in day model, after dark emits a high light output. At the same time consumes very little electricity. The luminaire has a rectangular shape, is flat - it has only 2 mm. Thus fits well with minimalist decor on the other hand, requiring a distinctive lighting after dusk. It provides the same comfort and safety.
