Product description

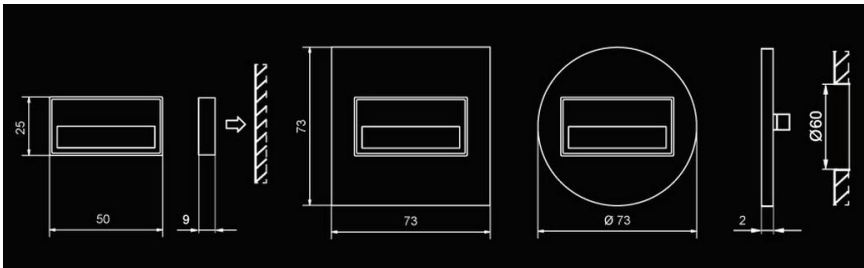

The circular recessed luminaire into the wall is a modern solution within the framework of LED lighting for use in home, business, inside and outside the building. Collection SONA in their models uses four very strong CREE LEDs. Stainless steel is the color perfectly matches the stylish decors Scandinavia.

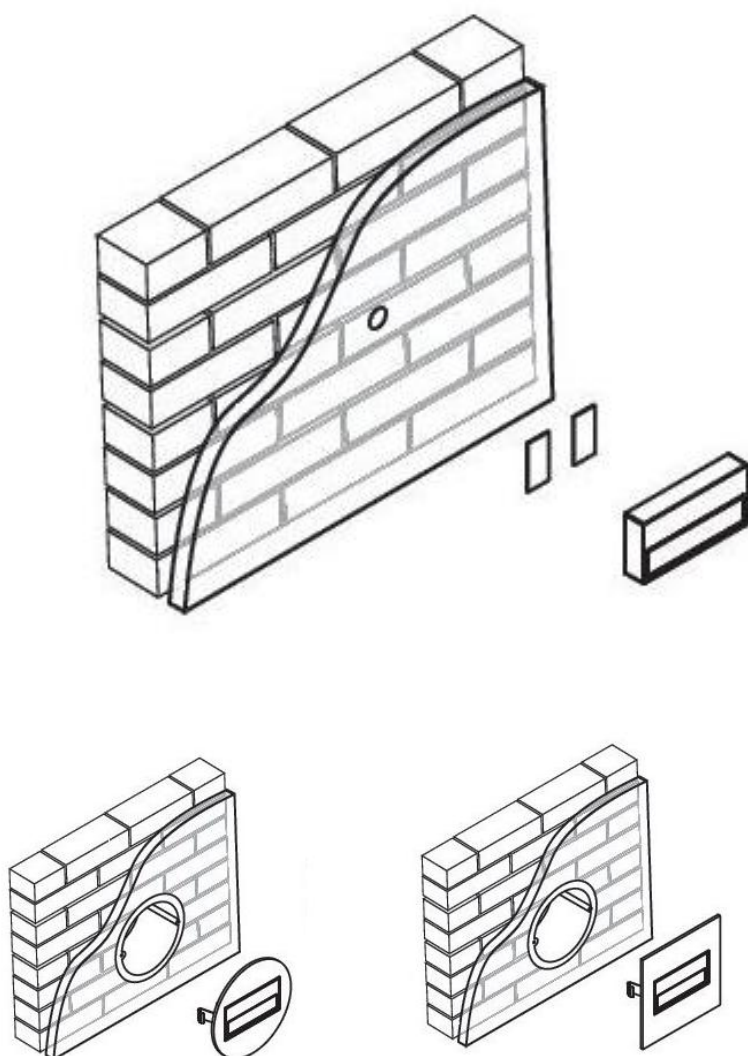

We successfully cooperate with solar panels. Can be a part of intelligent lighting systems, where illumination is controlled automatically according to pre-programmed settings. It has a built-in stabilizer system LEDs current. An interesting feature is the light color reproducibility.
