Shipping time	10 days
Number	1300
Manufacturer	LEDIX

Product description

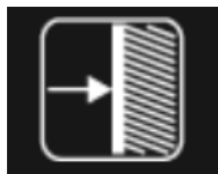

Graphite is the color of modernity and elegance. However, the LED luminaire of the TERA from Zamel, are used not only in such spaces. We have customers who assembled them in szalowych youth rooms. There is a trend to that color, which is why we presented a model of the mind about the color of the casing.

The manufacturer recommends it to be installed in the bathroom, for example. As a backlight built-tub. It works perfectly under these conditions, if only because of IP 44, eligible model for outdoor use and therefore also at high humidity. In addition, the product features easy installation with glue or tape. It is worth noting the use of high-quality LEDs as light sources.

TERA

- Luminous flux emitted at two planes: the bottom and the front
- Innovative design referring to the theme of the square
- Light-emitting optical fiber
- Enhanced functionality
- Can be installed in passageways
- The availability of different versions of the body and the color of the emitted light
