Product description

Minimalist and well thought TICO LED luminaire with stainless steel casing color is a product very popular with our customers. Appreciate it for energy efficiency, LED technology guarantees and the possibility of cooperation with photovoltaic cells.
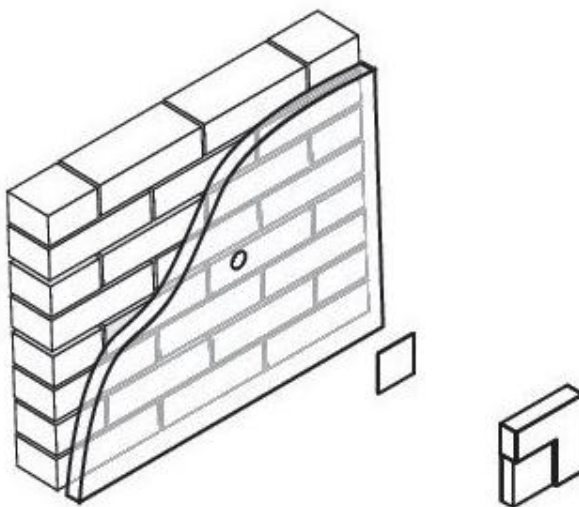

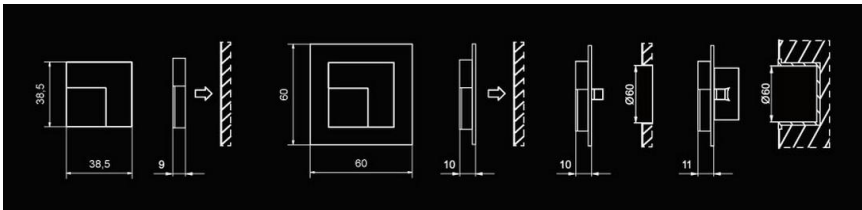

Usability is also an advantage. Conducive to its small size and the color of the luminaire housing to match the different styles of housing or land at home. Adequate level of protection - IP44 - allows for installation outside the building.

Surface mounting is done with the help of strip or adhesive mounting. It is a method which guarantees fixation strength, just how high the durability of LEDs which light sources. The illumination color and placement of fixtures is to choose the Client.

TICO

- Luminous flux emitted by the fiber element
- Modern design based on the square
- Version with an additional one-piece or decorative element base
- The availability of different versions of the body and the color of the emitted light
