Product description

Multiwhite LED strip is one of the flagship products from RESTAN. The tape is of great quality and is sold on a roll. The location of as many as 600 LEDs over a length of 5 meters deserves attention. The high density of LEDs means that the use of the tape allows for clear illumination of specific spaces in the apartment. Installation is carried out using double-sided tape. The proposed tape is an extremely universal product aimed at very demanding people who expect very high durability and good workmanship from this type of products.
