LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise.

At the moment, when you are looking for professional lighting solutions, also suitable for use in adverse conditions, strip led 5m SMD 3528 600 LEDs / 5m waterproof is perfect for you. This product resistant to weathering and moisture. So you can apply it outside the home and in rooms difficult, such as a bathroom.

Presented product is a product of high quality, which is guaranteed by the two-year warranty. This product Restan, recognized creator of aesthetic and multi-purpose solutions in the field of LED lighting. This product is ideally suited to all conditions that prevent the use of standard lighting. Components of this system are high quality LEDs, PCB laminate and selected resistors.

LED strip is very easy to install thanks to the adhesive strip. This will allow anyone to own handwritten assembly suitable for your needs, easy installation. The tape led 5m SMD 3528 600 LEDs / 5m waterproof can be used to highlight the elements of the bathroom, as well as the front of the house.

Due to the shape of the building will gain an incredible asset light. Delicate light in one of several colors to choose from, also guarantees security. Not only a wonderful visual effect will be the work of application of this proposal LED strip. The product can trim every 3 LEDs so you can match it perfectly to your individual needs. LED strip does not need a wide range of expensive equipment, just to delight their appearance. Find out about this today!

TECHNICAL SPECIFICATIONS

Size 8mm x 2.9 [mm]

Power supply - 12 V DC

Current consumption - 4A/5m (0.8 A / m)

Power consumption - 48W/5m (9.6 W / m)

Type of LEDs used - SMD 3528

Number of LEDs - 600

LED angle 120 degrees

LED strips can be cut - cut line marked every 3 LEDs

Flexible laminate substrate (white)

Mounting 3M adhesive tape placed on the laminate

Life 30 000 - 50 000 hours

This product has additional options:

Light color: Biała ciepła / warm white / Warmweiß , Biała dzienna / daylight / Tageslicht (+ 11.14 Euro), Biała zimna / cold white / Kaltweiß , czerwony / red / Rot (+ 3.18 Euro), niebieski / blue / Blau (+ 3.18 Euro), zielony / green / Grün (+ 3.18 Euro)
