Colored led strips - RGB 5m SMD 5050 150 / 5m - waterproof - led strip

Price	28.20 Euro
Availability	Availability - 3 days
Shipping time	48 hours
Number	220
Manufacturer	RESTAN

Product description

Colorful LED strips can be great as decorations for the interior, which will give it a glow and a unique character. The 5-meter strip is equipped with 150 LEDs that emit bright light. The tape has special cuts that allow you to freely adjust its length to a specific place. Thanks to this, it is possible to obtain an interesting lighting effect and completely refresh the interior of each apartment. The RESTAN product is additionally waterproof, which allows it to be installed, for example, in a bathroom. We cordially invite you to reach for our solutions, which will prove perfect and will meet your expectations.

LED strips - a modern solution capable of lighting advertising, furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly, or is difficult. The use of LED strip leaves only limited by your imagination.

Products offered by RESTAN feature - the highest quality of workmanship, found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting. LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process. This attention to detail ensures its reliable operation for many years.

Components for each tape led to: the highest quality LEDs, PCB laminate tested, selected resistors. Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control, ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

SPECIFICATIONS

Dimensions Width 8 x thickness of 2.9 [mm]
Power supply 12 V DC
Power Consumption 3A/5m (0,6A/m)
Power1 36W/5m (7,2W/m)
Type of applied LED SMD 5050
LED qty 150
LED viewing angle 120 degree
Ability to cut LED strip marked cutting line every 3 LEDs
Mounting a flexible laminate (white)
Mounting M adhesive tape placed at mid-life
Life 30 000 - 50 000 hours
