### Product description

The LED strip for the bathroom can complement the main lighting system in the room. A 5-meter strip equipped with 300 LEDs can look great and allows you to illuminate mirrors or shower cubicles. Properly used, it allows for a very interesting lighting effect in a given space. The LEDs are contained in a silicone mass, which guarantees their protection against water and moisture. So choose a product from the RESTAN company and enjoy a very good look of your bathroom. Introduce modern solutions that will help to diversify the room itself.
