Product description

Lighting consisting of LEDs is a cheap way to illuminate a specific space and create an interesting visual effect. The offered IP68 LED strip is one of the products that will perfectly match your expectations. The strip has 60 LEDs / 1 m installed and is mounted with double-sided tape. It can be used both to illuminate specific spaces and individual pieces of furniture in the apartment. In any case, it will work perfectly and will guarantee a bright beam of light.
