LED strips 5m professional - blue

Price	30.09 Euro
Availability	Available
Shipping time	4 days
Number	47
Manufacturer	RESTAN

Product description

The 3528 led strip with blue LEDs is a great choice for all people who want to diversify the interior of their apartment. Thanks to the stylish skirting board, it is possible to significantly refresh the appearance of any interior and make it delight in many respects. The LED strip has densely arranged LEDs, the service life of which is determined up to 35,000 hours. The product will fit perfectly into any interior design and will give it shine and a unique character. With the help of the strip, it will be possible to highlight any space and refresh the appearance of the apartment. We invite you to reach for our lighting products.

LED strips - a modern solution capable of lighting advertising , furniture, shop windows and decorative lighting and utility rooms. LED strips offer minimal power consumption while providing high performance light. The small size combined with flexibility allows its use PCB where other light sources do not permit their assembly , or is difficult. The use of LED strip leaves only limited by your imagination .

Products offered by RESTAN feature - the highest quality of workmanship , found thanks to the recognition of the various embodiments where the investor require reliability and durability of LED lighting . LED strip production is monitored at every stage - from purchasing the highest quality components in the packaging process . This attention to detail ensures its reliable operation for many years.

Components for each tape led to : the highest quality LEDs , PCB laminate tested , selected resistors . Yes precise selection of components allows you to ensure uninterrupted operation LED strips for many years. Each roll of tape led a process of thorough quality control , ensuring our customers receive the highest quality merchandise. Highest quality LED strip is confirmed by a 2 year warranty.

Colour temperature : 2900 - 3200K
Number of LEDs (meter) : 60
Number of LEDs (roll 5 meters) - 300
Voltage: 12V DC
Power consumption (meter) : 4.08 ~ 4.8 W
Power Consumption (roll 5 meters) : 20.4 ~ 24W
Current consumption (meter) : 0.34 ~ 0.4 A
Current consumption (roll 5 meters) : 1.7 ~ 2A
LED type : SMD3528
Viewing angle: 120 degrees
Section Cutting : 5cm
Backing: Flexible copper PCB laminate
Ground color : white
Life : 35 000 hours
Degree of protection IP : none
Warm-up Time to 60% of : 1 s
Number of cycles on / off : 50000
Stream factor Świetlenego after 30 000 h light : 30%
Starting time : 1.1 sec
Color rendering index : ≥ 75
Lamp power factor : ≥ 0.5
Cooperation with dimmer : only with dimmers PWM
