Product description

Technical Parameters Controller

- **Product Name: RGBW LED Controller(WiFi+2.4G)**
- Model No.: FUT038W
- Working Voltage: DC12~24V
- Output: 6A/Channel
- Total Output: Max 12A
- WiFi Standard: IEEE 802.11b/g/n 2.4GHz
- Bluetooth Protocol: Bluetooth 4.2 (low power consumption)
- RF: 2.4GHz
- Remote Control Distance: 30m
- Working Temperature: -10~40°C

Newest Arrival Model No.: FUT038W

RGBW LED Controller (WiFi+2.4G)

Yellow sand couldn't hide the brilliance of pearls

16 Millions
of colors to choose

Dim brightness /
saturation / white color

Auto-transmitting&synchronization
(only for remote control dimming)

Smartphone
APP control

Remote control
(Control distance 30m)

Support third party
voice control

16 million colors to choose

Easily create the lighting atmosphere you want to meet the needs of different scenarios

Dim brightness

Adjust the brightness arbitrarily to meet your life needs

Smartphone App control

two-way (receiver & transmitter) data communication

Mobile phone remote control in anywhere at any time

turn on light on the way back to your home and
turn off light on the phone if you forgot to turn off it
while leaving your home

Support Third Party Voice Control

Adjust ON/OFF, brightness and change light colors
through voice command

2.4GHz RF Remote Controllable

Brightness adjustable & Group control of the lights

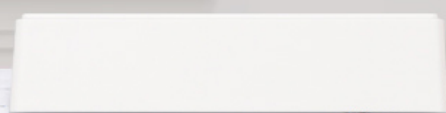

Using WiFi+Bluetooth dual module design

- Enhance the distribution network experience
- Bluetooth distribution network adaptability is stronger
- Significantly improve the distribution network success rate

Simple and stylish

Smaller, thinner, lighter

24.3MM

Enjoy technical family
to be super technical expert

Download and install the "MiBoxer Smart" APP

Start your smart life

Biorhythm

you can set the state of lights according to the change of sun during one day

Multiple scenes customization settings

good night, reading, work and leisure, soft, etc

Group control

Multiple lamps of the same type can be grouped and controlled

Device sharing

All members in family can share all devices of home and one key execution scenes.

Support music rhythm

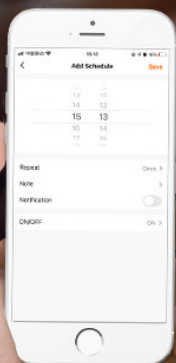

Let your lights dance with the rhythm of the music and enjoy the visual feast

Support timing setting

Set the opening and closing time according to your lifestyle
enjoy life easily
