Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Accessories: covers, end caps and other available in the tab [accessories](#)

Aluminum profile, non-anodized, is designed to let in the nooks and crannies where practically does not have to play itself any decorative function. Its main task is to secure the LED strip and to facilitate their precision assembly. Your choice is clear or milky cover is available as an accessory.

This is a novelty in 2015 in our portfolio, based on patented Polish technical thought. The product is tiny. It has dimensions of 1.4 x 0.8 cm on the outside. Aluminum is durable and lightweight, which blends well with any interior décor, as useful, but hidden element that adds charm to the whole illumination.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
