Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Accessories: covers, end caps and other available in the tab [accessories](#)

New 2015. New non-anodized aluminum profile, which we propose here fulfills two functions. Apart from its purpose, which is to protect and facilitate editing the tape with LEDs, it is also a place for fine wiring or strengthening the assembly. In the left corner of the profile of the open space extending beneath formed in this way, the tray with the led strip.

The profile is made from pure aluminum, no chemical and additives. Basic accessory construction and renovation to be used according to the needs and design. Natural color of the metal.

Profiles are, of course, light and robust - they have these advantages thanks to Metal, from which they are made. The rest is left to your vision. We also offer profiles with shutters in different colors.

Dimensions: 12mm x 23mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
