### Product description

#### Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Aluminium profiles are used to control LED strips and facilitate their precise assembly. A series of aluminum profiles with the symbol M3 was created for lighting in the corners.

Responding to your needs we have prepared a variant of raw aluminum is not subjected to chemical processes. The set we have made a milky veil, subtly diffusing light LEDs. Such a set of leaves you freedom idea of the final arrangement.

Profile of useful eg. To illuminate the stairs - instead of the degree is based on one and the wall of the second. Besides, eg. Between wall and ceiling - wherever there is an angle of 90 degrees.

External dimensions 14,5mm x 26mm.

Profile recessed into the surface chipboard plaster or ceramic tiles.

To illuminate the interior furniture, cabinets, paintings, exhibition and shop windows.
