PCC40W-MC-Match

Price	20.68 Euro
Availability	Available
Shipping time	4 days
Number	1788
Manufacturer	GLP - Global Leader Power

Product description

Power supply current PCC40W-MC-Match Series LEDTRONIC check in places where the most important is the quality and reliability of the device. It is the product of a reputable brand Global Power Leader.

The product is specially designed for professional lighting and its requirements. The power supply meets even the most stringent standards designed for lighting products. Applied holes installation significantly streamline the assembly process. In addition, small size and light weight allow you to use the product even in very tight spaces. Products in this series allow the selection of one from among several options the output current. In addition, it is possible to tune the current potentiometer.

Model	PCC40W-MCMatch-900				PCC40W-MC-Match-1400			
Output power	40,5 W							
Output voltage range	22-45 VDC				16-28 VDC			
Current [mA]	350	500	700	900	700	900	1050	1400
Isolation class	II							
Working temperature	-20 ~ +60 °C							
Warranty	up to 5 years							
Dimension [L x W x H]	123 x 81 x 28 mm							

This product has additional options:

Power supply - current: 350-900mA/22~45V/40W , 700-1400mA/16~28V/40W
