### Product description

#### Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

Profile for the construction of wall fixtures (sconce fixtures), with an option of simultaneous up and down lighting. It has integrated functions: fitting of LEDs and protecting them with a cover (diffuser), surface mounting, as well as an option of installation of power supply and other electronic components, profiles length 100, 200 cm.

**The product you have selected contains only - aluminum profile - does not include the accessories located in the Accessories tab.**

**Additional accessories like covers, end caps, electricity conductive end cap, mounting bracket, fasteners, mounting springs, proximity switch, micro switch, mounting system and others are available under "Accessories".**

**If you are interested in longer lengths than one meter, write to us we will quote the delivery cost to you. Transport companies expect additional charges for long shipments.**

**For each country is different maximum length of the profile that we can send. It does not depend on us only by courier.**

**We also do service cutting aluminum profiles to the indicated size - write or call get comprehensive information.**

- Hidden light source
