### Product description

#### Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

#### Not anodized aluminum profile

The product you have selected contains only - aluminum profile - does not include the accessories located in the Accessories tab.

Additional accessories like covers, end caps, electricity conductive end cap, mounting bracket, fasteners, mounting springs, proximity switch, micro switch, mounting system and others are available under "Accessories".

If you are interested in longer lengths than one meter, write to us we will quote the delivery cost to you. Transport companies expect additional charges for long shipments.

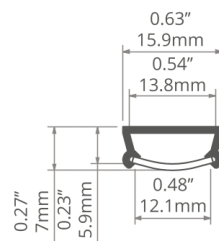

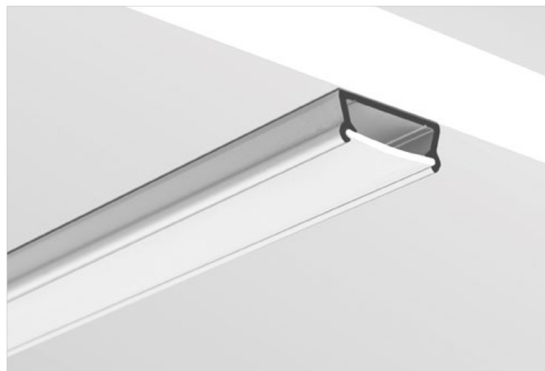

For each country is different maximum length of the profile that we can send. It does not depend on us only by courier.

We also do service cutting aluminum profiles to the indicated size - write or call get comprehensive information.

Profile uniwersalne do montażu na powierzchni, wbudowania lub podwieszenia /  
Universalprofile zur Aufputz-, Unterputzmontage oder zum Abhängen

## TAMI

REF. B5390

Minimalne gabaryty dla pasków led szerokości 10 mm.  
Prosty montaż.  
Niska waga.

### PRZEZNACZENIE PRODUKTU:

- do budowy opraw montowanych na powierzchniach.

### MONTAŻ:

- montaż może być realizowany przy pomocy odpowiednio dobranych klejów montażowych, profesjonalnych taśm dwustronnie przyklepnych, mocowników oraz za pośrednictwem sprężyny mocującej PDS.

### DODATKOWE INFORMACJE:

- osłodka o uproszczonej konstrukcji.

Minimale Abmessungen für 10 mm breite Led-Streifen.  
Einfache Montage.  
Geringes Gewicht.

### ANWENDUNG

- zur Aufputzmontage

### MONTAGE

- Montage mit sorgfältig ausgewählten Montageklebern, professionellen doppelseitigen Klebebändern, Befestigungsclips und mit Befestigungsfedern PDS

### ZUSÄTZLICHE INFORMATIONEN

- abdeckung mit vereinfachter Struktur

Profile TAMI is made of high-quality aluminum (it is also available in a version of the double-anodized, or one that has a high resistance on corrosion and mechanical damage). It is designed to led strips of a width not exceeding 12 mm, equipped with a LED light source.

The elegantly made and perfectly finished led profile is a perfect complement to the interior lighting and more. The profile is durable, durable, easy to assemble and available in various lengths. It can be perfectly adapted to the needs of a specific interior. Already at the stage of ordering, you can enter the dimension that interests us, so that the product delivered will fit one hundred percent to a specific surface. The assembly of aluminum profiles is quick and easy, there is no need for any mortars or adhesives. Perfect quick couplers or other mounting elements that are supplied in the set are perfect.

The aluminum profile is a perfect complement to other lighting elements in the interior, it can also be used as additional decorative lighting. Good quality profiles perfectly illuminate countertops and work surfaces in the kitchen, shelves in the bathroom or shower cubicle. You can use them to highlight decorative elements in the interior, furniture, alcoves and all those places that remain darkened using traditional light sources. Aluminum profiles will be ideal lighting in the attic and outside - then it is enough to choose profiles with increased resistance to mechanical or atmospheric factors. Led lighting based on reliable aluminum profiles is a good choice and a guarantee of trouble-free use for many years. They come from a reputable manufacturer, which gives a hundred percent guarantee on the quality and functionality of their products.

All the elements necessary to finish the construction can be found on our website under "Accessories".  
We invite you to familiarize yourself with our offer.

Material: Aluminum

Cover: Matt T

Length: 1m

Fixing: Mechanical or tape

Certificate: CE

Advantages:

- Simple installation types: mechanical with fasteners or adhesive tape (accessories)
- Small size compared to other models allow the strips mounted on all furniture
- Stainless steel and lightweight aluminum
- Well it releases the heat
- The possibility of choosing Frame: transparent or milky
- The original formula
- Product Polish and with CE approval
- Expandable and attach accessories (caps, power supplies)

Purpose:

- to illuminate the LED, the strips of soft or hard
- for use in construction, landscape architecture
- to be installed in the plane of the substrate sidewalks, traffic routes, bicycle paths, driveways, parking lots
- to be installed in the plane of cobblestones: driveways, parking lots
- construction of the profile when used in areas intended for vehicle loads and provides standard maintenance and operations
- utilities
