Profiel TETRA-43 - end cap

Price	**1.59 Euro**
Availability	**Available**
Shipping time	**5 days**
Number	**1405**
Manufacturer	**KLUS**

Product description

TETRA-43 profile is a low (4,3 mm) mounting strip for TRIADA profile. After TETRA-43 and TRIADA profiles have been mounted, we obtain a low internal groove in which a 5 mm Fi cable can be routed. TRIADA profile is attached to TETRA-43 strip with TEKNIK clips, arranged in pairs. The pairs of the clips should be applied every 20 cm.TETRA-43 has its own end cap, which nicely complements the shape of TRIADA end cap.

Mounting instructions

TETRA-43 strip is mounted using suitable screws. The location of the drilling of holes for screws is marked by the groove inside the profile.The mounting surface for TETRA-43 should be even. If there is some major roughness of the surface, mounting screws should be located in the places of profile-surface adhesion (bumps).
