## Profiel TETRA-43 - end cap - metallized

Price	<b>2.04 Euro</b>
Availability	<b>Available</b>
Shipping time	<b>5 days</b>
Number	<b>1634</b>
Manufacturer	<b>KLUS</b>

### Product description

TETRA-43 profile is a low (4,3 mm) mounting strip for TRIADA profile. After TETRA-43 and TRIADA profiles have been mounted, we obtain a low internal groove in which a 5 mm Fi cable can be routed. TRIADA profile is attached to TETRA-43 strip with TEKNIK clips, arranged in pairs. The pairs of the clips should be applied every 20 cm. TETRA-43 has its own end cap, which nicely complements the shape of TRIADA end cap.

### Mounting instructions

TETRA-43 strip is mounted using suitable screws. The location of the drilling of holes for screws is marked by the groove inside the profile. The mounting surface for TETRA-43 should be even. If there is some major roughness of the surface, mounting screws should be located in the places of profile-surface adhesion (bumps).
