Product description

Important Information

The purchase a piece in the store means the purchase 1 linear meter of the profile or cover

If you want to buy a profile that has a length of 2 meters you have to buy 2 pieces, 3 meters you have to buy 3 pieces, and the multitude of quantity when ordering.

The total length of the aluminum profile or the panel to the profile - is the total quantity of the piece number that was bought in the store.

The choice of the appropriate shipping method will take place at the end of the order process.

[The details of the shipping method and packaging of the aluminum profiles you will find here \(click in the link\)](#)

The product you have selected contains only - aluminum profile - does not include the accessories located in the Accessories tab.

Additional accessories like covers, end caps, electricity conductive end cap, mounting bracket, fasteners, mounting springs, proximity switch, micro switch, mounting system and others are available under "Accessories".

If you are interested in longer lengths than one meter, write to us we will quote the delivery cost to you. Transport companies expect additional charges for long shipments.

For each country is different maximum length of the profile that we can send. It does not depend on us only by courier.

We also do service cutting aluminum profiles to the indicated size - write or call get comprehensive information.

The LINO profile is a sleek and stylish lighting solution that will perfectly serve as an additional light source in every room. Combined with LED strips, the LEDs illuminate the interior and are almost invisible. The profile is exceptionally thin, only 10 mm wide. Provides a very thin line of light that perfectly illuminates the elements that visitors of the room want to expose. It can be used in living rooms to highlight various elements of the interior. Perfectly suited for living room, bedroom, kitchen or bathroom. Due to its small size, but the decisive light, it can also be used for highlighting sites at trade fairs and exhibitions. Thin line of light makes the illuminated elements look stylish and elegant, giving a unique atmosphere to the whole interior. Inside the profile is placed efficient and durable leds, so that after mounting the profile works reliably for a long time. The profile is equipped with a milky sheath which gives a nice, slightly cloudy and tinted light. This makes the profile not only functional, but also decorative.

The profile is made of high quality aluminum. It is exceptionally durable and durable, also resistant to mechanical damage and easy to keep clean. For any surface it is mounted using screws or using a two-sided tape. It is fast and easy to install, just read the instruction manual supplied with it. After mounting the profile it is recommended to paste the plugs that will increase the durability of the whole set. LINO profile is designed for mounting with a width not exceeding 6 mm. Available in several sizes, but on request, it can be cut to any size depending on individual needs.

Profile uniwersalne do montażu na powierzchni, wbudowania lub podwieszenia /
Universalprofile zur Aufputz, Unterputzmontage oder zum Abhängen

LINO

REF. B8287

Minimalne gabaryty szerokości.
Wysokość pozwalająca uzyskać linię światła.
Efekt wąskiej linii światła.

PRZEZNACZENIE PRODUKTU:

- przeznaczony do tworzenia kompozycji z wąskich linii światła,
- do stosowania we wpustach, lub do mocowania do różnorodnych płaszczyzn przedmiotów z dziedziny form użytkowych i architektonicznych, scenograficznych i wystawienniczych.

MONTAŻ:

- za pośrednictwem klejów montażowych, profesjonalnych taśm dwustronnie przylepnych, plastic end caps.

Minimale Breite.
Höhe ermöglicht Lichtlinie.
Schmale Lichtlinie.

ANWENDUNG

- entwickelt für Kompositionen mit schmalen Lichtlinien
- zur Verwendung in Nuten oder zum Befestigen an verschiedenen Elementen von Nutzformen und Architektur, Bühnenbildern und Ausstellungen

MONTAGE

- mit Montageklebern, professionellen doppelseitigen Klebebändern

NAJMNIEJSZY PROFIL DAJĄCY LINIĘ ŚWIATEŁA

Nieduży profil o zwiększonej głębokości. Może być z powodzeniem montowany na powierzchni z użyciem wkrętów, dwustronnej taśmy przylepnej lub we wpustach na klej montażowy. Przeznaczony jest głównie do wnętrz np.: oświetlenie szafek, witryn itp. oraz do tworzenia kompozycji z cienkich linii światła.

THE SMALLEST EXTRUSION THAT PROVIDES A LINE OF LIGHT

Small extrusion of increased depth. May be successfully mounted to surfaces with the use of screws, double-sided adhesive tape or inside channels using mounting glue. It is mainly intended for interiors e.g.: lighting of cabinets, showcases etc. and to create compositions made of thin lines of light.

DAS KLEINSTE PROFIL, DAS EINE LICHTLINIE BRINGT

Kleines Profil von größerer Tiefe. Es kann auf der Oberfläche mit Befestigungsschrauben, doppelseitigem Klebeband montiert oder in den Falzen geklebt werden. Hauptsächlich zum Einsatz in den Innenräumen wie z.B.: Beleuchtung von den Schränken, Vitrinen u.ä. und zu Kompositionen aus dünnen Lichtlinien.
