### Product description

SALSA is part of the family line of equipment Music Line, produced by Polish brand SKOFF. It is a kind of architectural lighting, allowing light arrangement of the interior, highlighting the advantages of the shape and design of the room. Characteristic for SALSA SHORT retracted in the casing LED module produces an interesting light effects. On the one hand, building a friendly atmosphere and on the other guarantees safety in moving up when not in use from another source. You can get the effect of light curtain.

SALSA Stick SHORT from their base luminaires different way of assembly. It is much less complicated. Just double-sided adhesive tape or glue. Thanks to the installation site properly knows no limitations, except that it must be in the interior. Degree of protection IP56 qualifies at setting up a space where you will take contact with streams of water. SKOFF proposed as a kind of dull brass surface. The dimensions of each variant fittings are standard for the collection and are for the length and width of 7.3 cm.

Said LED module is admittedly non-exchangeable, but its longevity lighting approx. 50 thousand. hours, 2-year warranty and low power consumption (0,6-1W) allow you to peacefully enjoy the illumination created for many years. The module emits light in one color - warm white.

To sum up, LED lighting fixture presented on this site has a wide range of applications. Equally well suited to the stairwell and hallway, as well as sites bale, small bays, or to light decorate the walls.
