Product description

Output voltage: 12V
Output Power: 10W
Output current: 0.83 A
Input voltage: AC 170-250V
Line Frequency: 47 ~ 63Hz

The power supply voltage MPL degree IP67. It is designed for simple applicationsLED, for which the operating voltage is 12V DC. AC lifetime is estimated atseveral thousand hours of work. The power supply has internal short-circuit, overvoltage, and overload. With competitive price we get power of very good quality workmanship and high utility values.
